CE risk class : IIa

Certification Body:

F.M. S.p.A. is TÜV Süd certified, both for the CE (CE0123) mark, and the UNI EN ISO 9001/ISO 13485 standard.

Environment and production process:

The assembling is made in our 100.000 class Clean Room (UNI EN ISO 14644). The biocompatibility of all the materials is tested in accordance with ISO 10993 standard. ALL OUR SETS ARE 100% AIR-TIGHTNESS TESTED.

Set features:

Length: 657 cm
Weight: 0,346 Kg
Blood Volume: 176 ml
Bar code: 8033254731828

Packaging:

Pouch made of 2 different materials: plastic film and medical - grade paper weight 60 gr/m², in accordance with EN868.

Labeling in compliance with UNI EN 1041 and UNI EN 980.

Box size: cm. 40 x 60 x 26 h.

Packaging Unit: 25 pcs. / box

Easy and safe opening of boxes, through a tab, to avoid the usage of cutters.

Instruction for use in different languages in each box.

Storage and Use:

The circuit sterility is assured in a free from breakage package. To be used immediately after having removed the caps. The expiry date refers to the product in unopened and properly stored package. Recommended storage temperature: from 0 ° to + 40 °C.

Sterilization:

Sterile by EO.

Process according to UNI EN ISO 11135, UNI EN ISO 11137.

Sterility guaranteed for 5 years. Not to be resterilized.

Product Shelf Life: 5 years from date of manufacture.

Conformity

Standard applicable to the product: EN ISO 9001, ISO 13485, ISO 10993, EN 1283, ISO 11135, ISO 11137, EN 20594, EN 980, EN 1041, EN 868, EN ISO 14644-1, ISO 2859, EN ISO 14971.
